Cards' Right Bower Is Left-Hand Dealing; Braves' Spahn Latest Victim

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

ON THE MAZINAW:—The ice is in the Mazinaw, in almost the whole Mississippi chain and the speckles are e lakes and streams. Old Man Weather threw a one-two Sunday punch at many speckle-safarts up this way, including our own. mday he dawned clear but with air more wintry than

The soft pitter-patter of raindrops on a cottage roof may music to the poet's ear, but it was a Sunday symbony of suppointment to Judge J. C. Anderson, brother-in-law Leonard addins, who is a walking morth-country encyclopedia, and this porter at the headwater of the Missisappi.

From our headquarters at the northern tip of Mazinaw Lake From our neadquarters at the northern tip of Mazinaw Lake

-we were confortably encouncil on not of Bryce Brown's cottages (thank heaven for Quebec heaters), it appeared the

majority of the speckle seekers went home empty-handed. A

number of boat-topped cars were noted headed homeward as

early as non-Sunday.

The main body of water on the Mazinaw is still lec-ked with the exception of a short distance from the shore.

The smaller body north of the Whip-Poor-Will Lodge open but ice-ficked. The water is high, having risen ir feet within the last two or three weeks.

Feeny Lake, snugried below "sverhang" mountains, had six inches of ice. Three parties were seen fishing through holes—with so luck. Ice is in McAway and McCanaland lakes. Our two fishermen tramped three miles in, and three miles cut of the woods to Elbow Lake. Result? See to eight inches of ice, two hours fishing through holes—not a mikhi.

Killpecker Creek is overrunning its banks but a native told us the trout were there, at the concourse of two streams. Rock Lake was open sufficiently to allow Paul Haggis and party-through to their feland cottage. Killburn Lake was reported techound.

Two loons were the only sign of life in Marinaw. Three playful ducks were noted on Feener's Ice. The irres are gaunt and bars and the spring sheen is rissing from the grantant. There are snow patches in the denser parts of the woods under overhang rocks and tree.

Lowering temperatures Sunday night sent down freezing rain, turning clumps of silver birch into things of beauty. They looked like silm silver-plumed inverted whisks which whis-pered with the curtains of wind-whipped rain.

Bear Creek cascaded in foam under a highway bridge. Ar-nold Londry, 12-year-old son of Jack Londry, well known Maz-naw hunter and trapper, said the speckles were in Bear. We lid not linger to prove it.

do not larger to prove 1.

We elopped at Lender's house by the highway. (Leonard
knew all of them). There we saw beautiful haver and misk
piles stricteds of dry. Lendry's pitch beaver pell stretched
70 inches, well above the average of 60. He said the beaver
zeams had been poer and figured his princ acids would
bring \$18. key price, comparatively speaking. Mink had
bring \$18. key price, comparatively speaking. Mink had
well and the same be-willful acids.

Londry has extensive trap lines over a large area. He intains four trap-line cabins complete with stoves, wood and

Arold, who accompanie do on his trap life travitation has been been as a large life travitation as a bodynard of two huge St. Bernards and his store has a bodynard of two huge St. Bernards and his favorite wapps in a 11-tife. Bit masther told be brought down the "only venison we had had season," absolute a large down the "only venison who had had season," absolute a bar-down the "only venison who had had season," about a bar-ley when the property of the season, and the season of the handing when they specified a large bear. The youngster grabbed his dark rife and brought down the brain.

Modern times and frends have caught up with the trappers, m drying beaver and mink pelts to a 1956 refrigerator, and to-date electrical appliances in the Londry kitchen was but ew steps. Outsideastood a new model pick-up truck.

Then over to the Sawyer-Stoll lumber "mill-town," a mile or so off Highway 41. Trim, well-kept abodes and official buildings with "main street anoking prohibited signs" mark this wooded centre, one that builties with week-day activity but which lay in Suoday resignation under a mantle

Water was everywhere in the forest bottom of this part the district. Rivulets had eaten channels across the road spots, one of them a foot deep but which had been made saable. In the roadside undergrowth were show patches m three to four inches deep.

It was this reporter's first visit to the Maximaw and we were struck by the rugged grandeur of its beauty. Tow-ering hald blobs of rock rise like giants from free-bordered lakes. The water is clear and cold. True we saw it at a "tween-season" time but you don't need to use much imag-ination to visualize its fail-foliaged wild natural beauty.

insides to visculize its full-follared with asterni beauty. It is naiser as its best. Here the first pire and calmai. It has the full scope of a natural habitat. Here are the mink and the beaver, the deer, and, we are fold, tracks of moses have been seen. And on a summy day be blue that the seen are all the seen as the seen and the seen as the seen as

Canada Plans Big Business In Peacetime Uses of Atom

... But the fire, automobile and casualty insurance business does attempt to seek out many of the dangers which pose a constant threat to the safety of Canadians. This work is carried out day-to-day by insurance agents and inspectors ... in special testing laboratories . . . and in many

However, insurance companies can't tag or label every danger. Even if they could, there still would be acceidents - because nine out of 10 accidents can be traced directly to carelessness. Last year, this same carelessness cost the lives of 10,000 Canadians and caused damage of more than one million dollars every day.

The only way to combat carelessness and its toll is to be safety-conscious at all times. Think-and live !

Rustia, ricky Stoolesach: A point, at issue is what time the structly took place—was it when the Communities were in control, or later, when Ellisfer sarmy had swept deep into Russia?

The Germans first reported the measure. They hamsel the Russian are controlled to the Communities were the Germans. An American congressional committee the Germans. An American congressional committee the Communities are controlled to the Communities and the Russian are suppossible. The life of the body, working so far from the zone of the crime and with such the Russians reported the results of the body, working so far from the zone of the crime and with such the Russians, and the conclusive. The Folish investigation, even with the lates of the years, might have greated opportunities to get at the truth, if it tried to do so and if it were unhampered, or it might blame the Russians, to blacken Stallin's record till further, but there could be no sauramen, in either case, that the verdict was based on facts.

One thing, though, to estimal, whether Ritter or Stallin was the author of this crime, both were capable of it. On that there can be no residential control of the parts, but there will be no saurament in the case, that the verdict was based on facts.

One thing, though, to estimal, whether Ritter or Stallin was the author of this crime, both were capable of it. Of that there can be no residential to the control of the con

major Codel War policies, (of which non-recognition of Red China is certainly one), it is externelly doubtful whether there will be any change in the U.S. attitude on The U.S. may agree with Mr. Fearon's statement that those countries which have recognized Red China are becoming increasingly embarrascept. In the work of the countries which have recognized Red China are becoming increasingly embarrascept. In the work of the countries which have recognized from the U.N. many Americans which have recognized Communist China should withdraw that the remarks would aimost certainly be highly inaccurate.

OUT-OF-DATE RAILWAY LEGISLATION

Railway legislation in Chanda was formulated in the distant days when regulation of the railways was in the public interest because there was no effective alternative common frames overland transport. A growing sense of public interest because there was no effective alternative common frames overland transport. B growing sense of public interest because there was no effective alternative common frames overland transport. Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

Ballonses piece we immemmed a finder of the birder would make two fine leagues, we do not go along with the idea of them operating as separate entitles. American teams, we feel, would make good drawing earth north of the border. Pos-didy as interelong substitution the arranged between facilities and the state of the substitution of the state of the state were, this will probably be ironed out at tought's agriculture.

The meeting of the Belleville Baseball Americation executive will be held in the city hall council chambers on Friday night at eight evictor, instead of Thursday as fromerly arranged. The city fathers, it seems, are griting together, on Thursday evening, hence the change in date.

C OF MANY.

They've tensed the Reitisk Empire wrestling champion-als's health late the ring, so to speak, and there's a grand rank for the heave from the boy or the Commowvestlih. And topping the elimination series here Friday sight is none other than Fred Althou, the Australian From down under, and the powder for McClarity. They dea'v oness any recogni-ties were also also the series of the common series of the series of the common series of the the season began, and that makes for a the thing main heat.

Then don't forget there is the well-known "Hardboiled" ggerty, who is appears, is a bosom pal of Altina, and if his-y repeats itself will be around to return the favor Altina and him last week when he barged into the ring in "Hag" more. So all in all there could be double-barrelled fireworks to Priday night.

toward Radford, former manager of the North Bay arens, been appelated manager of the new Feterberough Com-tity Centre, it was learned here today. The big steel stare is under construction in Merrow Park in the Litt-City and its size impresses all who have seen it.

According to years from price years and year and a According to years from pricebrough the area edifice will need 4.000 with, standing room for 1,000 more—more than 4,000 with, standing room for 1,000 more—more 4,000 can be maded while standers will bring the feel to 6.000 more than 1000 mo

Meanwhile the hockey authorities of Peterborough have a of a problem according to sports editor Cec Perdus. Writes

"Management committee of the Centre has been querying both the bead limited was sentent?" Executives it fourface at as an assentive if it never at a sent assentive if it never at a sent assentive if it never a sent assentive if it never a sent assentive in a sent assentive in a sent assentive in a sent assentive made rank We can quite resultly understand their attitudes. They want to play post made be the instance of an adjustent to the play of the contract the contract and the contract in the contract and the sent as a sent as a

I chose brilliant new colors for my kitchen and Ben promised to do the paint job. Our Martin-Senour Dealer helped us choose the exact colors we wanted from a wide range of Martin-Senour Multi-Use Enamel shades.

MARTIN

Ben was so pleased with the way Multi-Use Framel flows on like velvet ... how completely it covers with no brush marks or streaks to spoil th job. That diamondhard finish will wash easily, too, and last-

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

"Sam" Gault, crack distance runner of the Bellevi Collectate Institute track and field squad is one of the m disappointed young men in town. Invarilly "Sam" obserted the hope that the Ken J. Colling Memorial Trophy, emble o's annual race, that is,

rever, the show must go on. Next Wednesday from l-point on Church Street it is expected some twenty-so-country hopefuls will leap away with the gun known new as the Secondary Schools Cross Country

Four schools of the city will be represented. BCI will and some eight removes to the barrier; St. Michael's Acad-my, 2; Albert College, 7, and Cathole Secondary School, 7; It is people that in the near future the event will be ex-sisted to include schools from the district and possibly a part Eastern Oniscity.

Gault holds the present record of 38.53, set in last year's race. The fernoer record was 31.53, established by George Evalled 8 for in 1350. Evalle's mark was cracked twice last year, ence by Gault and also by Jimmy Green of Quinte, whose time was 31.23.

Saturday night at the Bowl-O-Drome a new district be many mgan at the Bowl-O-Drone a new district bowl-ing singles changes will be everyoned. He will pre-base that the title "Mr. Bowling of 1955-59", and a handsome subsaced motors, thanks is the generator of the Bookh Radio Television Life. Three others will claim each prime of 215, 157 and 110 for finishing second, third and feurth, while others will be given merchandles.

others wan or permanent which got under way yes the Pirith Annual Mr. Bowling Tournament which got under way yesterday with a large number of entriesmand possibly more to come. The iteratory consists of ten games with the first five-game levels being lowered at 2 p.m., and the next five games at seven p.m. the name day. There and the sense live passes at seven p.m. the same day. There is still time for miser excitors to qualify. The winner will be declared on the total pinfall hasis. The tourney is open to all howevers whether city or district, regardless of affiliation. Oni-of-lown kegiers are given a special welcome.

The tourney since its inception four years ago, has p The tourney since its inception four years ago, has proven f exceptional interest to city and outside bowlers. Three Belle-ille keglers have won the title and accompanying loot, white ne year a Kingston bowler took the honor, glory and what

In 1953 Ron Saylor, one of the city's most consistent allerance, won the inaugural tile and trophy with a pinfall of 2432. Ren repeated the next ceases coming up with a pinfall of 2432, the best tourney soors recorded thus far. Two years are Art Leckwood of Kingston, wen the "works" with a 2718 and last year Jim McKenzie copped the henore with a

The "Mr. Bowling" tourney will be followed on May 13 by a doubles tourney in which male howlers with an aver-age below 210, and the gals "no questions asked" as regards

All bowlers with the qualifying average as mentioned above, and the ladies are invited to take part in the tourney. Entries will be accepted at the Bowl-O-Drome, either in person or by mail. Mail entries should be addressed to Lee LaBelle, 369

RED SHIELD APPEAL

The Salvation Army's annual Red Shield Appeal is being conducted in Believille and district this year from Ayril 30th to May 20th.

The Salvation Army has become so well and so faverably known in so short a time that it seems kneed-tible that, it was founded only 50 years ago by Rev. William 5 Hook in a sent in a graveyard in the heart of a London adam. Althought established in 1805, the Salvation Army Army came to Canada in 1825 when the first detail was opened in London. Ontario, by two immigrant Salvationists.

string came to Canada in 1882 when the first citates was pened in London. Ontaine, by two immigrant Salva-based property of the control of th

riseed.

During World War II, 3,000 war service units of the Salvation Army brought comfort and cheer to fighting dien on 36 battlefronts. Veterans at the front have had bothing but praise for the Army's wartime efforts in two World Wars.

Bod Shald Annell was bearing \$3,000. lo-

World Wars.

The Army's Red Shield Appeal is seeking \$3,000 locally. Most of the money will be spent by the local energy for service work in Believille and district. The remainder will be used to support provincial and national projects such as disaster relief, prisoner rehabilitation and welfare hospitals which support the work of each local welfare hospitals which support the work of each local

Corps.

T is to be hoped that the citizens of Belleville and dilistrict are generous in their support of the Army's welfare work and this year's Red Shield Appeal is a success.

There has been considerable criticism, of late, of late,

Deroit, he identified mindel as a matter and mindel and a soon as here is aeyfined selection.

Mental Health Safety Signs

(Safety Street for Montal Health) The Canadian Mental Health Association lists ten safety signs for good mental health. This is in contrast to danger signs with which health organizations usually alert

heaim organisasses
the public.
The safety signs were formulated
by Dr. George S. Stevenson,, an
American colleague of Dr. Clarence
M. Hincks, founder of the Canadian
Mental Health Association.

as others.

(2.) A realistic estimate of your own abilities — neither under-estimating nor over-esti-

(3.) Self-respect.

(4.) Ability to take life's dissppointments in stride.

(5.) Ability to give love and consider the interest of others.

(6.) Liking and trusting other
people and expecting others
to feel the same way about

(7.) Feeling part of a group and having a sense of responsibility to your neighbors and fellow men.

(8.) Acceptance of your responsibilities and doing

A GENERAL MOTORS VALUE

Look them over carefully. Most of these important safety features were pioneered by Chevrolet - the car that has ALWAYS taken your safety seriously.

18 Safety Firsts... by Chevrolet... a vital demonstration of Cheyrolers consistent, many-sided leadership. Leadership, you will note, not merely in protective safety features — but in PREVENTIVE features. Features which bring you surer, safer control of your car . . . new ease, precision and security of handling under all conditions. This is no new concern of Chev-rolet engineers, and it has always been gratifying to find other cars eventually adopting so many of Chevrolet's contributions to your motoring safety.

Directional Signals, Safety Padded Instrument Panel and Seat Belts with Shoulder Harness, all are available to you with Chevrolet. The largestselling, most-trusted car in the world MUST take a conscientious and a comprehensive view of your safety, And it does. Look over the record of Chevrolet Safety Firsts, It speaks eloquently for itself.

"SOME BARGAINS DEAR BOUGHT"

(*Authors Name Below)

(Patthers Name Below)
To look for a bargain is
understandable, but to try
to buy prescriptions at cut
prices is unwise. Real barpains can only be offered
because of large purchase
or to get rid of allow moving merchandise.

Medicines cannot be safe-ly bought in large quan-titles because they must be fresh and potent when you take them. Slow moving their freshness cannot be sold. We discard them.

we brice our prescrip-tions according to a sche-dule that is based on the exact cost plus the neces-sary, fair profit we must have to operate a good pre-scription pharmacy. Using this method, we have no reason to give you any-thing but exactly what your physician specifies.

YOUR PHYSICIAN
CAN PHONE
WOodland 2-4551
WHEN YOU NEED
A MEDICINE

Pick up your prescrip-m if shopping near us, or t us deliver promptly thout extra charge. A eat many people entrust with the responsibility filling their prescrip-ms. May we compound una?

WAITING AND WATCHING FOR

When my final farewell to the world I have said, And gladly lie down to my rest; When sothly the watchers shall say, "He is dead," And fold my pale hands o'er my breast;

And rold my pase nance over my
breast;
And when, with my glorified vision
at last
The walls of "That City" I see,
Will any one then at the beautiful
gate,
Be waiting and watching for me?

There are little ones glancing about in my path, In want of a riend and a guide; There are dear little cyes looking up into milee, Whose tears might be easily dried. But Jesus may beckon the children away des the children away des their grief and the inside of their grief and

their give —
Will any of them, at the beautiful
gate,
Be waiting and watching for me?

There are old and forsaken who binger awhile
In homes where their dearest have

Inger awhile
In homes where their dearest have left:
And a few gentle words or an action of love
May cheer their sad spirits bereft.
But the Réaper is near to the loog's standing corn.
The weary will soon be set freeWill any of them, at the beautiful

THE ONTARIO INTELLIGENCER

rrice in Septertiin 20 conts per weak if in Chander 20 20 per years \$4.75 for 6 months; \$2.50 for 8 me if to U.A.s. 19.50 per years \$4.75 for 6 months; \$2.50 for 8 me of The Canadam Duty Personaper Alexander at Sambles of ins. From Manabor of the Audit Bureau of Circulation

SEWAGE DISPOSAL PROBLEM

The other day an editorial in The Ontario Intelligence roted A. M. Snider of Waterloo, chairman of the Ontario the resources committee, as saying that during the next entry years \$700,000,000 would have to be spent in this owner for water works projects and another \$400,000,000 feeder pipe lines, pumping installations and irrigation of the control o

eder lines.

"No mention of sewage disposal plants is made in this it, so that we presume their cost, and it will be considable, will be on top of that \$1,100,000,000 total," we

titued.

The day after the editorial appeared, Mr. O. H. Scott, teral manager of the Believille Public Utilities Comsion, telephoned to say that we were correct in our would be appeared to the say that we were correct in our content of the say that we were content of the ssion, telephoned to say that we were correct in our sumption that swage disposal seprenditures would be at and above this billion-plus estimate for water projects, added that the cost would indeed be "considerable," an imated \$1,500,000,000, to be erasel, in the next twenty from economic commission, was also quieded by Mr. ideer in his address to the Canadian section of the exercian Water. Works Association convention at London, Chalcio, last week, but was not included in The A. Chalcio, last week, but was not included in The Mr. Scott with was not included in The Mr. Scott with was not standard at the convention.

lian Press report on which the editorial was based, ir. Scott, who was in attendance at the convention, as us that Mr. Shider stressed that the water profor which \$1,00,000,000 will be spent, must be self riting, that there will be no government grants or ideo of any kind. In other words, they will be paid the users of the water they provide, through water

the users of the water they provide through water weapen disposal plant costs may also be paid for in lar manner; but to date this is not certain. There is the manner, but to date this is not certain. There is the control of the general municipal tax rate of sewer charges. In the past most municipalities have been supported by the control of the general municipal tax rate of the control of the

The may seem strange to the unititated, but most public littles commissions have welcomed the proposal, toc. In the managers of their utilities, most of these managers are engineers and engineers have a tendency to be logical reason for regarding the system through meaning the system through the same water and the same strangers are depending to the same water and the same water after a water main as well as a logical read to the same water after having served its purpose by the managers of the same water and the same water and the same strength of the same stream. The same water are that of the same stream, and the same stream, and the same stream.

Once and Storrig. Toronto, consulting engineers who do presented proposals for a sweage disposal system of the presented proposals for a sweage disposal system of the proposals for a sweage disposal system of the case of this system of the case of the case of the system of the case of the case

is responsibility to a compage coapseal grade in the interface model are almost certain to be the which make a final choice in the method of thesevage disposal plants. Except in a few case, he mayor or some influential councillors may be consumers of water but own little treat property, ascendals to expect that they will be delighted to sharp increase in the lax rate by turning sewage plants over to 3 he public utilities commission.

"women'ned severement, to can appear to favor the

al plants over to the public utilities commission. We provincial government, too, appears to avor the utilities system of sewage plant plantinstration. To the province's only role in the problem is through the ment of Public Beath. for action. It is expected, the province's only role in the problem is through the ment of Public Beath. for action. It is expected, in Mackinson Phillips, Minister of Health, will be the time municipalities are supposed to plant for sewage disposal plants drafted. It is obtained to the province of the provin

not so much because this would be financially miner as because there are not enough engineers and clora capable of doing this work to permit all the any municipalities, like Belleville, which have had inary surveys made will likely get a real shock. It seed that provincial authorities are likely to rule receive the provincial authorities are likely to rule more expensive plants for full treatment will be dearly. This will also mean that many municipalities are the second of these than the second of the

OVER 200,000 TIMES A YEAR!

Women dip their hands in water over 200,000 times a year, just doing dishes alone, according to Ron Moorman, owner of the Culligan Water Conditioning Service, Belle-ville

"As a result, when the wa-ter is hard, it becomes almost impossible for the average homemaker to keep her hands soft and smooth," Mr. Moorman declared.

Keep them smo-o-oth! Sudsy soft water helps keep hands beautiful and amooth because it is free from the harsh minerals that redden skin. When hard water min-erals combine with soap, a curd or film is formed, familiar to most people as the "bathtub ring". This film coats everything it touches and will not readily rinse off with water.

The Answer gan Soft Water Service, or the answer is Culligan Soft Water Service, or the Service; there's no inacle Street.

Service rates are less than \$1 per week, plus modest or iginal installation charge.

Royal Canadian Mint "Hard Money" Source

"Money, money everywhere, but not a cent for free," is the lament of many souvenir-hunting various to the Royal Canadian Mins at Ottawa where over 15:000 persons come annually to watch the 'hand money' being produced. Unknown to many, paper denodinations are manufactured comercially in Otrawa-Here, 'roll sorting' copper penny blanks for samping-mercially in Otrawa-Here, 'roll sorting' copper penny blanks for samping.

Each coin is cleaned, inspected and individually weighed before being passed for use. Impurfeet pieces, returned to Mint refinery, are remelted. Goins moving along soller (above) are turned over subomatically for examination (above) are turned over automatically

Because precious metals are handled in large quantities, elaborate precautions must be taken to prevent losses. Each day's work is securately weighed while main gate (showe) and grounds are guarded by members of RCMP. Mint building of Tudor design was completed in 1908; marked beginning of Canadian marefuctured coinsegs...

New designs are prepared by the artist in the form of 8" plaster mold from which the coas stamping dies are cut on the Jauvier reducing machine (showe). In cuting die, machine can also reduce the image to as little as 1" diameter. Each steel die, mounted in the press, 'strikes' thousands of coins before it must be replaced with fresh one.

Coin blanks are punched like cookieft out of a metal strip alloyed and rolled at the Mint. Fed into hydraulic press, shown here, up to 170 a minute can be stamped. With each stroke, the impression is stamped on top and bottom simultaneously.

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER. Sports Editor

Webster's dictionary defines the word "amateur" -Webster's dictionary defines the word "mateur" — "s person who does something for the pleasure of it rather than for pay." The word professional is defined—"making some ac-tivity not usually followed for gain, such as sport, the source of one's limithand?

player between the ages of one and twelve—"profession any player between twelve and ninety. Taking into sideration the Websier definition.

But there are variations. A Canadian professional hockey player in the accepted version is one who does nothing else for the weekly envelope. An anasteur is one mainly in the same category, unless he is a homobrew, who is furnished with a joi and draws a weekly pay envelope.

Now there is a movement afoot to have the seuthern tion of the Northern Ontario Hockey Association turn and-out pprofessional. Maxic Sthverman, well known thern beckey humbary, is heading the campaign.

Silverman, however, is meeting with stern opposition to hit.

Lorne Miller, NOHA secretary, has taken up the cud in a fight to retain the association a management of the secretary.

Miller claims the smaller areas in Pembroks, North y and Sauli Ste. Marie, Michigan (Pembroke folded hat soon after dropping \$35,000 midway), and the low at-dance in those centres, make it impossible for them to ff-soon a professional claib.

And he adds that if the Ontario Sault and Sudbury have assume the extra cost of operating a pro club as well as sidizing the others, it would be impossible to operate. How

In a letter to the Sault Star, Miller, a man who knows whereof he speaks, gives out with some estimates that should cause the five NOHA clubs to look long before they leap into the mechatrom of out-and-out professionalism.

Miller approximates the cost to each club at \$35,000, and milling the purchase of additional players for \$10,000. His old items are: \$70,000, players' salaries; \$7,000 cosek's arg; \$1,000 FEEL from; \$2,500 for referees and \$15,000 townelling expenses.

for travelling exposure.

The See Greybourds published a financial statement in the See Star which revealed a same in specialism. It is too Star which revealed a same in specialism in the particular state in the same juvelence, from a size recipies were \$117,392.8b, benefit sjörke, \$6.669; areas expenditure \$313.75; hospitals tax. \$113.525; anishing to reminents, See, Ministrum, \$113.525; anishing to reminents, See, Ministrum, \$113.525; anishing to be spill belvered the Small areas and the city. \$113.525; anishing the Sterent recorded \$31,613 and the Initial State \$1.525; anishing the Sterent recorded \$31,613 and the Initial State \$1.525; anishing the Sterent recorded \$31,613 and the Initial State \$1.525; anishing the Sterent recorded \$31,613 and the Initial State \$1.525; and \$1.525; anishing the Sterent recorded \$31,613 and the Initial State \$1.525; anishing the Sterent recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and the Initial State \$1.525; anishing the Sterent Recorded \$31,613 and \$31.525; anishing the Sterent Recorded \$31,613 anishing the Sterent Recorded \$31,613 anishing the Sterent Recorded \$31,61

Since the above was written news despatches from the Soo state that the Greybounds' executive have rejected the proposals to turn professional and instead have suggested an interjocking schedule with the Ontario Hockey Association. Which should write a death-knoll to Silverman's hopes of the northern loop joining the "monited" ranks.

And while on the subject, the manager of the Ontraio miler "B" champlofs: from Whitby, one Wren. Blair-has issued c statement that while his application for OHA senior "A" tty has been in the hands of that body for some time, he will it take any action until he learng what is being done in the

Although first and foremost a sallor, Robinson is well qualified journalistically to write a column for boating fans. A sports reporter for many years, be is presently boating editor for a chain of newspapers. In addition to his newspaper duties he write a monthly column for "Scheling," a national boat-ing magazine, and is a regular contributor to "The Chesapeake Skipper."

......

He's not YOUR Child!

YOUR children are surrounded by love in a good home. THIS child is homeless and uncared for, innocent victim of neglect, cruelty or desertion.

And yet : F you'd like to do something for this child. You CAN. In its havens, homes and hospitals The Salvation Army gives to the unwanted or ill-treated child, the nameless babe,

the orphaned waif, the security and care it needs. Hope for the future . . : little lives redeemed from tragedy.

YOU can share in this work by helping to equip the faithful workers of The Salyation Army with the means required to carry on these tasks of mercy. They rely confidently on YOU.

The Understanding Hear

Meet "Mr. Metropolitan"

...he's a neighbour of yours!

Let us describe "Mr. Metropolitics".

First of all he was carefully selected.

Before his appointment, every case was
the production of the production of the halo condition essential to the development of a Metropolitic Representative.

He passed a series of selection tones to determine his patients for the position.

He has been thoroughly trained. He becames sepera at furting the wide twiceless of Metropolitural policies to individual League gened and Decigner.

He standed family responsibilities and capuess connected with the contraction of the production of the contraction of the contraction

expenses connected with them.

He took his place on a "team" of specialists, including his Manager and Assistant Managers, as well as experts at the Canadian Head Office of the Company, He learned how to bring the sperience of the whole "team" to the policybolder.

boms and your place of business.

You will enjoy meeting "Mr. Metropolitan" lak him for an analysis of your insurance situation. With the Metropolitan team behind him, you will get a prempt and thorough study based on years of actual experience. Phone now to your Metropolitan Office listed below. Give "Mr. Metropolitan the chance to prove personally that...

Metropolitan service is

as local as Main Street ::: as close as your phone

Agrico and A.A. Quality

We've been talking to motorists coast to coast and here's what women drivers tell us:

I do like courtery I suppose I'm like most other members of my sex-I do like courtesy! And that's one reason why I particularly like the service at Imperial Esso stations.

> You see, the attendants are so prompt, friendly and obliging. You know your car is being well taken care of, And my local Imperial Esso dealer is so conveniently located. You always seem to be near an Imperial Esso station wherever you drive.

If you need a new tractor or your farm, but haven't the ready cash to buy one ... FIL may be the answer to your need,

A B of M Farm Improvement Loan can por you at the wheel of the latest model very quickly. And then's nothing that saves money, time and work on a farm quite so much as a modern tractor.

If your proposition is sound, you can get a B of M Farm Improvement Loan for any type of equipment you need on your farm. Why not talk to your searest B of M manager? He'll gladly show you how a Farm Improvement Loan 'MY BANK

Inco Metals at Work in Canada

Cables made from INCO COPPER help bring you electricity...and provide jobs for Canadians

It takes thousands of miles of power-cable to carry all the electricity Canadians use. And nearly half of the copper used in Canada's power called the comparison of the copper stays in Canada to be orations, this copper stays in Canada to help provide employment for Canadian men and women.

- 1. At Inco, Canadian workmen mine, mill, smelt and refine the ore. About 18,000 people are employed by Inco in Canada:
- Refined copper is used in Canada for the manufacture of wire and cable. Several thou-sand more people are employed in this work.
- The copper wire and cable goes to power companies where it is installed by Canadian workmen.

From Inco copper, Canadian industries manufac-ture hundreds of useful products—thus helping provide employment for many thousands of men and women in Canadas

CANADIAN ALUM

1955 capacity to be expanded 50% by 1959

EXPANSION PROGRAMME LARGEST IN THE INDUSTRY

Its matchless combination of qualities - lightness, durability, strength, appearance - has made aluminum second only to steel in world markets. New uses - for both civilian and defence purposes — keep increasing the relentless demand. The world demand for aluminum is presently in excess of supply and the immediate prospect is that, like other basic materials, aluminum will be a scarce metal during the months ahead. Despite continuing expansion of producing facilities, as shown in the chart above, the fact is that the demands go up at a rate faster than new production can be pushed to completion at Isle Maligne in Quebec and Kitimat in British Columbia.

Steady increase in productive capacity has been accompanied by a corresponding increase in employment and payroll. Today in Canada there are 20,500 Alcan employees.

The payroll at the rate of \$70,000,000 a year contributes to all phases of Canada's standard

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

Since spring is apparently intent on spending the rest of the inter down south, and with hockey only a little better than sur months away, there's no harm in discussing the latest gossip bent the winter pastime that begins with late summer hope fall and takes in part of dandelion-growing time.

There are supressying along the nuck-chi to as it is, that this city should once more align itself

It came more or less into the open last Friday night when a gentleman approached this department in Memorial Arena dur-ing the wrestling bouts. Having reached the yawning stage when Flangan was going through his calisthenics any diversion was welcome—and this one proved highly interesting.

"Some time ago," the man said, "I read in your column that hyenrile hockey players having reached the age limit for their class come to a sudden stop. Like the old gray see that they have no place to go as far as bockey is concerne mare they have no place to go as far as bockey is concerne unless they are good enough to catch on with an official business such

"What, if anything," he added, "is going to become of them. Is anything being done for their hockey future? And if not, why not?"

We pleaded ignonrance to the first two questions.

We pieced ignorance to the first two questions. While we sacrobed for an ansace to the third query, the sell-team said, "I do not live in Belleville— at least I have so reside here for years, but I pas through It and story left frequently during the wister months."

"I understand the miner hocker association here is doing a grand job for the puth-chandag youngeters of Belleville, but I towest to a full step at the years of the sunderstand that this meetication cannot do see such as for an a hander which to concerned, but surry there are species—insided criterion here. We have the surry that the surry the surry the surry that the surry that the surry the surry that the surr

insert-embles citizens here who could do semethier for these years explane of the heebery sterns."

He was told that the men who had junice hockey under their wings up to a couple or there years ago, herered a bitter lesson, the most of it financial. They learned that "women the property of the stern their sterns of the stern their sterns, and the stern their sterns of the stern their sterns, and the stern their sterns of the whole story, is much as we know about it.

He waved a hand, "I am set things about National Rockey Longue clobe, nearourbles, or saything the that them said." The battery sterns of the stern the s

of its seem has calls.

Someone once remarked: "You have to crawl before you walk." That, we believe, is the idea behind this junior movement. At least it would be "place to play" for juvalites toping the sag limit as a fitting "receptacle," so to speak, for the youngsters as they greatest from juvenile ranks. Basics it would provide a "feed-box" for the senior "B" clubs of

titure.

If has been reported that Napance and Trenton will make "B" clube next winter. Peterberough and King-on have maintained their interest in this category, so a segrenging could be in the making.

NCE MANYA REEE
The incurtabiled villains of the old melodramas had handnot faces and darkened beats. Their counterparts are peristed on the Levin Br'ers, the latest 'heavy' sensations to
'the wrestling time. Definitely the Taran type, the Buthow have instituted themselves as leading apprince foursidency of Hate Incorporated here—and or Friday hight
y make their debut as a twoomer.

hey make their debut as a twoomer. Best they make a will and competent opposent in their twe-nest tunifs. Christian Science Heals Grief and Loneliness

To those suffering loss of separation, Christian Science comes with merciful and unending blessing.
Through devoted study of its textbook

SCIENCE AND HEALTH with Key to the Scriptures by Mary Baker Eddy

many have found a steady-ing light that pierces the dark. They have found com-fort in a path which grief and loneliness can no longer shadow.

Christ Jesus' words, "I am Christ Jesus' words, "I am come that they might have life, and that they might have it more abundantly" (John 10), now take on fresh assurance. CE J. CARVER, Publishers' Aprel Norway Street, States 15, U.S.A.

Ladies!

And yes the poetry may be sad, But we just like to let you know, About the clothes we have to sh

We have dresses galore, and styles all new, With prices that were made for you. Lovely slik prints, cottons, linens and all, We'll have just the dress to answer your call.

We have formal gowns, come and take a look, Just as good as the styles in a fashion book, In lovely shades that are becoming and so, It's up the stairs you have to go.

For the bride to be for her happiness We'll have the perfect wedding dress. Semi or floor length, what ever her desire. It's sure, of these dresses she'll never get tired.

We have sporty skirts and pedal pusher sets too, Even a few blouses that may look good to you, There are some suits left though not very many, Their prices are sure to be lower than any.

Now climb up the stairs though your feet may be sore,
You'll find low price and quality both at this store,
And when you leave you are sure to say,
My feet may hurt but I had a good shopping day.

2 for 350

Every driver has his pet reasons for preferring one car above another -but if any car is "all things to all men", this Oldsmobile is it. Quality craftsmanship? Definitely so! Advanced engineering? Dag

monstrably so! Modern, functional styling? Obviously so! $_{\kappa}$

Go through the list of your pet preferences-then go for a demonstration drive in an Oldsmobile. You'll agree that there's still nothing quite like a Rocket!

Oldsmobile brings you a totally new transmission —whispering "new Jetaway Itydra-Matic Drive". It's the new ultra-quiet drive that whicks you shead so smoothly that the skightest sense of gear changing is conspicious by its absence. No jerk, no jump, no whin't Jetaway is the transmission that has gouldated all other automatic transmissions.

Try it—and you won't hear a thing but the powerful Rocket engine. You won't feel a thing but the tremendous sense of exhilaration imparted the miranitum new pick-up. Arrange a demonstration miraculous new pick-up. Arrange a

TOWN FEARS FIREBUG CLARESEURG, Mass. (AP) CLAREBURG, Mass. (AP)—A wind-whipped fire destroyed two houses and badly timmaged two others today in this western Massachusetts town of 2,000—already stricken with fear for a fire-bug. Four firefighters were injured batting the flames, fourth fire in 11 days. Three of therit are already considered incendiary, and this tate fire marshal's office returned to rule' out aroon in Wedensday'. LAWN MOWER SERVICE POWER LAWN MOWERS

The Gurney Educated Element gives the same automatic heat control for surface cooking as you have in your oven. Food is always cooked to the exact, right degree, and pot-watching is not necessary, as the Educated Element keeps the correct heat always and automatically prevents burning, scorching, smoking or boil-overs. . . . No more ruined food-no more burntout cooking utensils. All pots and pans became automatic when used on the Edycated Element.

Light Work for Lovely Hands!

It's a pretty tight spot—no question about that!

But it's no work for this lovely lady. For she's at the wheel of a 1956 Cadillac and here, beyond any question, is the world's gentlest resting place for feminine hands.

In fact, even the most difficult of driving manoeuvres seldom require anything beyond the merest gesture of a hand on the wheel ... and the lightest touch of a toe on the accelerator.

And this extraordinary ease of handling and driving is, to be sure, only one of the great satisfactions that come to the lucky lady who sits in the driver's seat of the beautiful new Cadillac.

Seldom, indeed, is a woman seen under more flattering circumstances than she is in the "car of cars"-calm, serene and rested . . . and surrounded by Cadillac's great luxury and beauty.

And how proud and happy she is! For imagine, if you can, the priceless job of owning and driving a motor car recognized everywhere as the "Standard of the World"!

To any lady reading this advertisement, we offer this simple suggestion. Come in soon...spend an hour in this

Not only is she always at her case— latest and greatest of Cadillacs...
but at her loveliest as well.

and see for yourself.

And to any gentleman who might be listening in-well, perhaps there is a lady whom you would like to see always at her ease-and at her loveliest-and at her proudest.

If there is, then you, too, should pay us a visit.

The magic formula is waiting for you in our showroom-and we'll be delighted to assist in the transformation at any time.

P.S.: We have some special news about cost and delivery that you will find difficult to resist. Better come in while the facts are so favorable.

COMING EVENTS

The number of years you are going to live has been added to by the medical research that is rapidly discovering how to slow down our "March" to a gentle stroll. You can live longer and healthier if you wish.

Proper diet, plenty of rest and right thinking are all important. And now your physician has in-creased knowledge of how creased knowledge of how to help you prevent seri-ous sickness. We also are adding to our knowledge of new drug discoveries. As soon as they are approved for safe use, we stock them in our prescription depart-ment.

YOUR PHYSICIAN CAN PHONE WOOdland 2-4551 WHEN YOU NEED A MEDICINE

Pick up your prescrip-tion if shopping near us, or let us deliver promptly without extra charge. A great many people entrust us with the responsibility of filling their prescrip-tions. May we compound yours?

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

That is the word that came from Jack Case, sports editor the Watertown Times, after he with Watertown representa-es contacted baseball men in Carthage, Ogdensburg and Low-

Wateriown did not see its way clear to enter the loop as the lone American club — and you cannot blame them in a way. Speedy De Castre and other Wateriown baselal men were all not, ready and ravin' to gs, but were stymical at the last minute by the decision of other American club to defer entry until next season.

Meanwhile, the four Canadian teams will earry on with

It was not a case of not wanting to enter the Seaway League of organization of the American clubs mentioned. Lateness of organization of the Seaway loop had something to do with their decision to retrain, since Carthage and Lowville are already in a twelve-team loop on their side of the border.

So that is it—and away we go. The schedule will be trawn at an early date and there is a strong possibility the loop will get away to a seasonal start on May 21 with Believille playing an away game unless one is scheduled for the after-

The club has a strong executive behind it. Ralph raham, well known city sportman, was named penident the Beldrielle Bashball Association at a recent meeting the Drury Desrye back in the familiar harness of accer-gravements. John Carnon was again named manager of each. The executive proper consists of Meestr. Frank remains, "Beldre' Happt, Jack Tasower, Ray Schiter, Longmann, "Bullet' Happt, Jack Tasower, Ray Schiter, Longmann, "Bull Heinster, Dob Rassilson, John Buchan, Art means, Don Thomas and Clisted Tine."

Meanwhile Coach Vern Goyer is slowly whipping his charges into shape with nightly workouts at the Exhibition Grounds. Vern is a hard taskmaster but that is what is needed if the boys are to shake their winter, fat and get down to baseball weight.

we to shake their winter, an and get cours to concess many. In the mound department are veternis. Art Wright, Bobby Bunion, Chark Jones, a newcomer in Belleville; two Jeniers, Shan "Lefty" Reid and Lee "Winner" St. Denis, both of whom are showing fine prevention. Manager Carson has two more harders coming into the field and is not be swrited over this department.

Sammy the Man Mulholland, Pat Gilmour, Al Kelleher, John Casey, Harvay Stolliker, Doug Hull and others are casting their eyes on and training for outfield spots. Practices will be held nightly until opening game.

The tickets are now on sale for the Herb Rankin Benefit me scheduled for Frankford on May 22 with the village rechants facing an all-star sould from other clubs. Herb citured a leg in a game last season and things have not been ill with him. Handsome fitness are associated with the tick, 40 get yourself one, two or three and aid in a worthy

Foresight . . .

In the minds of most people is the hope that at some time they will attain a measure of financial independence. Too often this attainment is left to accident or luck. Neither is satisfactory : *: neither is sound.

Experience shows that the only sure way of reaching this position is by a sound plan of investment . . . a plan designed for the investor's own requirements, plus the courage and foresight to

carry it out.

Those who have shared in Canada's almost spectacular growth in recent years have been well rewarded. There is ample criticone that this growth will continue as Canada maintains its place as an important supplier of many of the world's needs. Foresight today, throughout many the provide and help you reach the measure of financial independence you want.

There is no minimal live.

There is no universal investment programme: Whether for a large amount or for a moderate amount, an investment programme should be carefully planned to meet your personal require-ments. This is where we can assist you:

We shall be happy to help you plan a pro-gramme:::: without obligation to you of course: Just come in to any of our offices:::: or drop us a line.

POWER FAILURE

Johnstown

Now Pontiac's popularity is soaring to even greater heights in 1956

Seems like Pontiac's popularity knows no bounds. Matter of fact, last year's peak was only a pause on the way to brighter sales records. And it just shows that when the public is offered a fine car at really down-to-earth prices, loaded with literally everything a fine car should have, the results can be record-shattering!

Nowhere else will you find Pontiac's combination of features at such low prices! Pontiac for '56 offers 31 striking models in 6 series-all-with the long, lean, lovely lines that are now a Pontiac trademark. And there's a wider choice in colors and interiors, too, to complement that styling to perfection. But where this sleek beauty really shows its mettle is in its performance-with thirteen power teams and up to 227 streaking horsepower. Let a Demonstration Drive convince you that Pontiac is right at the top of the heap in everything except price. See your Pontiac dealer-today!

ANYTHING ELSE IS SECOND BEST ... SO ... DRIVE A

harder turned in a tantilizar plow bell und a sewepting curto zero the Clause's bladgeous.

as zero una tunare imagenea.

Il is an unwritten law in a baseball press bo'k to mention or even think of a no-bitter if a pitcher has one in sight. Seems blics, on the possible of the possible principal was blics, on the principal was blick on the possible principal was blick on the principal was not bobble Blattere in their teast of the game. Ole Dig give a credited that he binvited out all the facts before the pitch indicate and the game and the principal was been passed grackles from his decem game.

But they fixed the jinz. Erskine (and we expected at least one or maybe two clouds in the fateful 9th after bosen situations expected calmiy went to work and disposed of the next three Giantis in the same methodical fashion as the majority of the rest.

It was back in 1952 that King Carl tossed his first no-hitter for the Dodgers. That was against the Chicago Cube and it was Exhibites blazing fast ball that turned the trick. The last no-hitter in the major leagues was pitched last year by fad Sam Jones of the Cube signatir Pitthuruph when the Cube

The Dolgers streamed out of the dugout and buried Ers-kins under flailing arms and legs in ecstacy of congratulation. Finally be made his way to the dugout where Brocklyn pre-sident Walter O'Malley presented him with a cheque for \$400. It was the eighth no-hitter in Dodger history and the sixth time in history that the Giants had been victims of a no-hit blank.

history that the Ginata had been victims of a no-bit binate, And history was in the making but yet slipped in the bind in Yankee Studium Seiturday when a Bailtoner could be also that the bind in Yankee Studium Seiturday when a Bailtoner could be also that the bind of th

"Red" is auxious that all unopiers, past, present and future turn out for the meeting so that definite plans cag be made and laid. While attending the OASA convention some time ago "Red" contacted officials of Western Ontario unspires organizations and obtained a lot of vital information. This be with place before the Westernderly night contab. Everybody is welcome at the meeting.

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

Bischlooded scious of wrestledom will hattle villainy here come Friday when jespular Lord Athol Layton John forces with Samoan Frince Malava against those deeply-dyed heavies, the Lewin Brothers, the handsome hurlers from Buffalo.

The Lewins treated the Prince with no more concern for s regal background or ring ability than the rankest rookle hey flipped the royal lid, upset the official applecart as pendified in one Bunny Dunlop and raised heck in general in

This time Lord Athel Athel, six-toot-six of British man-bood, will be on hand to aid the Prince. Cocosand Willie will be practicing all week learning the "British Grena-diers" on his one-man drum band for he will have double duty come Friday.

Those Gallaghers, Mike and Doc, will be back, the oma-hauns, with Michael tangling with one Brian Clarey in the semi-final, and Doc taking on a Spanish ombre, Gregory Jarque, in

HALL OF FAME

The Canadian Sports Hall of Fame seeks nominations for entry this year. A special selection committee under the charmanahip of R. W. Hewitson, popts editor of the Toronto Telegram, will meet early in June to consider additional nominations for admiliance, and, as it is pointed out, it is very important that every person emitted to recognition should have their claim examined by the committee of

To be truly national in scope it is important that all quali-fied persons from every section of Canada be given recognition and sports writers and editors all over the country have been asked to give their assistance.

Opened list year with national and internationally-known contemporary champions and sports figures present the Hall of Fame at present contains an impressive collection of medals, certificates, photographs and other memen-

However, Chairman Harry H. I. Frice of the Canadiar National Exhibition sports committee, has announced that special efforts will be made to see that no great Canadian sports figure will be forgotien.

"This representation of great Canadians must be truly national and embiematic of those who won fame for their country," said Mr. Price. "It is possible that some have been averlooked who are worthy of inclusion. No effort will be spared in seeking them out and recalling their his-toric exploits for the benefit of Canadians of later genera-

The first stilctes to be memoralized were those closen the Canadian Press sports poll of sports greats in 138-4, that time the "Big Train." Llond Conacher, was elected Canadian geoffs authorities so outstanding mask athlete the first hift Centry and Bobby Resentedid, Olympic win-r and sports columniat was chosen as top woman athlete them was deded a list of champlons in none illed them was added a list of champlons in none illed to them was added a list of champlons in none illed to the construction of the construction o

As west-menlioned before sports editors and radio com-mentators across Canada are being asked to suggest further nominations to the Hall. These suggestions will be considered by a special committee which includes representatives of each province who will make final decisions on additions to the

So here is where you—and you—come in. Readers are requested to send in their suggestions to this department and we will forward them to the committee for consideration. Your suggestions will help considerably not be the considerably of a suggestion of the latter of famo—and at the same time help the committee to be sure no deserving individual is evertocked.

Individual is overlooked.

Following is a list of outstanding athletes already entered the Hall of Fame. It in your opinion somebody has been issed, please send me your suggestion. And do it right way.

THE THANKS WARD THOUGH

U.S. LEARNS HARD LESSON
The cannot by a friend.
That is common knowledge among individuals, on the concession, in alseepy wileage and in bustling cities. For some reason, though the same people who know the concession, is also provided to the concession, in the concession, in the concession of the c

This is a common attitude among Americans towards countries which their government has assisted with availeled generosity since the end of the Second Great

One of the reasons why these gits and loans have in the many cases, failed to buy friendship is the fact that the properties of so so—and the recipients knew they have received to do so—and the recipients knew they have received to the some state of the properties. In other words, aid was not extended in the spirit of leach the but states was regarded in the nature of an in-

In other words, aid was not extended in the spirit of risk but rather was regarded in the nature of an electron of the spirit of the property of a free property of a friendly genture in the category of a friendly genture in a business of the spirit of th

But These friendships have not been bought in the been given freely, by nations grateful for astitutors and that the U.S. was trying, in their case, to buy friend-by. There is not-much doubt about what kind of a color hard and individual acquires when he buys one. Why the states of toys and be aware the work of the transport of the state of

There is not much doubt about what kind of a collater will banker the parent scool and a middly dual acquires when he buys one. Why the infant mind of their place in all it be any different with friends bought by nations? Expectally prehaps the saving of Expectally prehaps the saving of

Feter's congregation, Madoc, Miss Tillie Donnan, Belleville, and Mrs. Margaret McCurdy, Foxboro, former members of Bi. Andrew's West Huntingdon, attended the service.

MINIATURE SEA DRASTER
NEW YORK (AP) — Brooklyn
was the scene of a miniature sea
disaster Friday. Fire destroyed 40
model yachts valued at from \$300
to \$1,000 apiece. The models, some
with intricate radio - controlled

teering, were housed in the Prossect Park Model Yacht Club, a 50 ear-old structure that burned to be ground, Firemen estimated lamages at \$25,000.

AEROWAX SAVES RE-WAXING!

Exclusive benefits

of **TCP**receive official

recognition

In 1953, after extensive research by Shell engineers and scientists, TCP was introduced to Canadian motorists.

Now Shell has been granted a patent for TCP*. This means official recognition of the advantages offered in this Shell-developed additive.

With the granting of this patent, it means Shell gasolines will continue to be the *only* gasolines giving you the extra benefits of TCP.

Today, with higher octane gasolines on the market, you need TCP more than ever. Without this special additive you cannot get full power from high octane gasoline, and only Shell premium gasoline gives you both high octane and TCP.

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

Rudy Schaffer, boss man of the Toronto Maple Leaf bachub, is a nice guy.

Rudy's quiet, dry humor, his personality sold him to clab. He sold himself to such sportamen as Jack Car-manager of the Belleville senier baseball club, "Rod" as, Joek Devine, and yours truly.

We liked Rudy. We liked his slim, well-cut appearance, some of humor was drier than the lunchron toart. The nhers like him. He was late, and admitted it. He even logised for his tardiness. That in itself is something for a kker at a service club to admit.

Jack Cooks, swarer of the Mayle Leafs, has made no mistake if Endy is his ambassader of good will. Speaking to Rady concer cary. He has a sense of humor tast his, but not insulis. Sure he spoke mainly about baseball, but only on a rure occasion till he, as was expected, rave about the good qualities of the Twente Mayle Leafs.

Rudy is a ciever chap. While he did not rant ab Beginwa Diamondeers he left the impression that T o would be a force to be reckned with in the Inter-nal League.

What Rudy did do was to invite the kiddles of Belles to a baseball game in Toronto June 3. The Mayle for general manager meant that from the bettem of his

In humorous vein Mr. Schaffer told of his experiences with fer league teams, especially the luckless St. Louis Browns on they were rolling in the doldrums before being sold.

"We had a third hase coach." Rudy said, "whom later we sent soorting. He had become an introvert. He hadn't alked with anybody on third base for years."

He spoke of the famous midget incident when four-foot-nine lie Goodell was sent to bat by Bill Veeck.

"The crewd was In a rear. The Detroit Tigers were in a rear. Enie books came out. Unspires went into huddles. But there was nothing in the books to prevent the Browns from using a midget," Schaffer recalled.

"Sure enough," he went on, "after the smoke had cless play resumed, the first four pitches to Goodeli were b and he drew a walk.

"At last," Rudy smiled, "the Browns had a man on

He laughingty told them of the chicken wire which could be raised or lowered atop the barrier, it depending or which team hit the long fty. With tongue in check he re-catich how a groundkeeper tapered the infield to allow bunt to roll fair or foul.

The clubmen chuckled heartily when he said some clubs the infield heavily if the visiting team are fast runners.

Laier in prose and radio interviews, Mr. Schaffer said t Turento is definitely a city of major league potential, has the population and a large entside drawing area, he

But, he added, changes would have to be made in adium. It would have to be enlarged, or a bigger stad ulti-sufficient to house major league crowds.

Resignations to summarise the crispled hid-s of fielderlie and district to be the Maple Leafs' guests at June 2 game against the Montreal Royale. This should a do for the Belleville Shrina Club. And we know of better run; who could take on the job.

HAMILTON'S MEAT MARKET

Will Carry On!

WE WISH TO EXPRESS OUR DEEP APPRECIATION OF THE MANY MESSAGES OF CONDOLENCE DUR-ING OUR RECENT BEREAVEMENT OF MR. LEO HAMILTON, WHO HAS CONDUCTED THE BUSINESS FOR MANY YEARS. YOUR PAT-RONAGE AND GOOD WILL ARE SOLICITED.

Mrs. Leo Hamilton

Ladies!

Well folks here we are again, With styles to please your slightest yen, You'll have to climp stairs, and it'll make you

But isn't it worth it to save a dollar? Now first all for a party dress, We just claim to have the best, Lovely cottons and slik prints too, In big full skirts, they'll admire you.

For streetwear use, well that's no worry, Come right away, you'd better hurry, We have lovely dresses in plain or print, Come up to see us, take the hint.

For the bride to be, we've a lovely gown, At the lowest price, and smartest style around, And if it's a bridesmaid you're going to be, When you see our formal, you'il say "that's for me!"

We have skirts and pedal pusher sets too, That are designed to make a sportler you, We even have dusters, to go over that dress, So come up and see us for the best.

Yes, come up and see what we have to show, The styles are smart, the prices low, The stairs are long and hard on feet it's no ile, But, at Winnie's, you will love to buy.

Are you a patient driver?

Here's a way to test yourself. With a pencil, circle all the 6's and cross out all the 9's shown here. Then see "How to Rafe Yourself" below.

60012556058841034879 946564916142802 9870013159112273 040427376416789578 08309088305480078 2623464748406104324 591995493663

In holiday driving, patience counts

74012319555979096982

HOW TO RATE YOURSELF

ou just skip the test completely and jump e to peak at the ratings? If so, you may be

The new cars are designed for safety. The great new highways are designed for safety. Everything is designed for safe motor travelexcept perhaps you. And yet safety is so simple. Just be patient. Keep your eyes on the road, your hands on the wheel, your mind on your driving. And keep your temper. Shell's message to you and all motorists is short and sound: the price of safety is eternal vigilance.

Sport Slices

Rare, Medium, Well-Done By GRO. H. CARVER, Sports Editor

While the Kingston decision to withdraw will come as ill to most hockey people, it might be said it was to be ected after the heated alterestions between Kingston and thy representatives at the group meeting where the as-i club "meeton" was cut and divided.

Frankly, we did not expect anything quite so drastic but an-cipated possible Kingston opposition to the Whitby entry, and when the Blairmen decided to apply for entry again, rowlding, of course, Manager Wren Blair does not succeed in sabing the senior "A" ranks.

Conditions in Brockville and Whitby were given, as part casons for the decision to suspend operations. It was claimed, oo, that the Whitby efforts to go senior "A" has upset the

rough equilibrium. The Presidence owners of the franchise which includes Joe Chances, Stowyel Willengthy, Jack Forman, Carmen, Peter, Dr. Haced Denkey, Non Dieney, Joe Corty, and Bill Rills sitoid they would continue to sponse the city's justice to make the continue of the city's particular to make the continue of the city's particular to might with the exercise in terms in "Pr franchise to might with the exercise in the city's particular to the continue of the continue of

He was stated by a highly authoritative source that the agrica Community Centre, following the Goodynar' de-ient to suspend operations, has notified the Montreal Can-rens in the effect that Kingsten would be in the running in other cities to operate the Camilicas' "Buby Habo" size "A" heekey club next year.

The late of the state of the st

However, all these things should be cleared up at the senior group meeting called for Cornwall June 9 and 10 by OHA e-president Lorne Cook of Kingston.

Tackson fold this department that the inability of the perican teams to enter the league had a let to do with Engagen withdrawal. And the fact that some of the Engaten players demanded salarise was usuall factor

Jackson stated that the city fathers and the Lious Club l arrived at..no definite decision regarding the availability Megaffin Stadium. All these factors contributed to the holarswal. Max said he was in no financial position to more the team—and was forced to drop it.

conser. use trans—son was forced to drop it.

THE TRUTH ABOUT WRITING

"The truth about writing is that either you have the gift for it or you have it not," says the St. Thomas set Journal
This, of course, is shop talk. Almost saybody who
therested in his job likes to talk shop, but only editors
estimes discover an excuse for disgulsing shop talk

semitimes discover an accuse for disquiting shop tast, as part of the days work.

The editor of the Sit. Thomas paper saw his opportunity when Clifford Refman, U.S. liberary man, failed to discover, anything in the found of the control of the con

reat shakes at writing or speaking, conclusions are common specific. The common specific many common specific many

billy more. I particularly the property of the more place in the middle ground between the property of the medical property of the middle ground between the property of the p

words. of the many who are merely competent craftsmen with ber room was always. It words, the part difficulties about witting for a living on the readers in such a fashion that they unput the part of the writer is to convey list ideas to his readers in such a fashion that they unput the part of the part of the writer is to be a fashion that they unput the part of the written was papear to the reader to be an at the muddless of the part of the par

of arranged. It a sentence be obscuire, the writer is a faith, gift of clarity which a university elocutation of the control o

· COMPROMISE

Over in London, England, the other day a group of gentlemen faced a pretty problem, in the persons of Lies gentlemen faced a pretty problem, in the persons of Lies between them, to crown one of them Miss England, instend, with that gentus for compromise typical of Englishmen, they declared them both winners. It is will visit men, the contended them both winners are will visit with the comes to international beauty contents this year. Reginand will have two strings to her bow, which seems only fair since both the charmers almost certainly have at least two beaut to that string.

Men with money to burn often make ashes of them

A fool and his money are soon parted but how is it that so many fools have so much money to be parted

JUST FOLKS (Copyright 1956, Edgar A. Guest) By EDGAR A. GUEST

CUT YOUR PAINTING TIME IN HALF with TITAN WHITE One-Coat House Paint

Get your FREE 32-page Booklet

Painting is Fun"

2-coat thickness with just 1 coat

It's the extra high Titanium content that gives Lowe Brothers' TITAN WHITE the hiding power of two coats of ordinary paint - when you apply it to surfaces in reasonably good condition. With TITAN WHITE, the one-coat house paint you can cut repainting time and labor in half.

TITAN WHITE is self-cleansing too . . . retains its ori-TITAN WHILE IS REIT-CEARING TOO. . Framm start grinal beauty season after season. Microscopic particles of the paint film are periodically washed sway by saio, carrying with them the surface dirt and grime. The surface stays smooth and free from checks and cracks for the life of the paint film. This eliminates surface preparation when re-painting is eventually necessary. TITAN WHITE has a high resistance to mildew.

BELLEVILLE, ONTARIO, FRIDAY, MAY 18, 1956

Ontario Agrees to Continue Commitment to Participate In North Section of Pipeline

Cross Ignited Near Residence Of Archbishop

NEW ORLEANS (AP)—An eightfoot flery cross was ignited late Thursday night on the grounds of inthe residence of Most Rew. Joseph Prancis Rummel, Roman Catholic Archhishop of New Orleans, who shas been criticited for his stand price

The wooden, gasoline - soaked cross was propped against a sence in front of Notre Dame Seminary which adjoins the archbishop's res-

blaze.
Some Roman Catholic groups in
the southern states have bee
critical of the archbishop since in
issued a pastoral letter three
mouths ago condemning racis
segregation as "morally wron;

LAXMEN APPEAL ORDER

the Arsociation of Cathodic Laymeo, Inc., which advocated racial segregation, to dishand or face excommunication. The group said it would appeal the archibiboy's order to the Holy Sae, highest body in the church.

The humin came on the second

anniversary of the United States Supreme Court decision outlawing racial segregation in public schools.

The archbishop has appointed a committee to study the possibility

committee to saving the property of integration in lower grades of parochial schools after September At present these separate school in the archdiocese are segregated as are public schools throughout Louisians.

LONG-TIME CRUSADER

ordered all wides allocations of segregation-workers and wides allocating spochage of the segregation of the segregatrem his churches. The order was obeyed, but in most predominacy white Catholic churches, Negroes follow the practice of atting in rear pews.

Last year white parishloners at Jesuit Bend, La., a community gouth of here, rebelled at the temporary assignment of a Negro

The Gurney Educated Element gives the same automatic heat control for surface cooking as you have in your oven. Food is always cooked to the exact, right degree, and pot-watching is not necessary, as the Educated Element keeps the correct heat always and automatically prevents burning, scorching, smoking or boil-overs.... No more ruined food-no more burntout cooking utensils. All pots and pans became automatic when used on the Educated Element.

Yankees Roll Behind Whitey Ford's Sixth Win; Nats' Race Tightens

Sport Slices

Rare Medium, Well-Done By GEO. H. CARVER, Sports Editor

Operated under the aegis of the Belleville Kinsmen Chib, ness racing will be a special Wednesday twilight sports fea-e at the Exhibition Park this summer with possibly the odd

Kinemen Don Thomas and Jack Joffrey are the guiding is so far as the service chib is concerned. The first meet shoulded for June 11 and will continue every Wednesday guil July and peachly looper with the exception of July

The talk was about softball—and the trend to fastball bers. The boys, some of them grudgingly, admitted that indion teams usually oop the bauble mainly because they a super pictor.

Feigner can grar his marvellous flipper to five speeck, seldom uses his "fast one" since it's "toe fast for a cher to hold safely." Eddle says he can five the 12-inch thail faster than Bob Feller when the Civerland ace was fastest pitcher in the American League.

Feigner winds up like a Dutch windmill. He can twist, a or fillip the ball as the mood strikes him. He has a king" ball that fades and falls at the plate.

In reverse procedure, the "King" gives his catcher the a "because," he says, "It would be impossible for the cal signal everything." His signals are designed to reduce all injury to the team, centred mostly in catcher Moner's left hand.

ATOMIC AGE FISH HATCHERY

uls A. Whele, New York State conservation com-ner, has announced plans for the world's largest atchery, to be built at Massena, N.Y., and to be d with water from the turbine discharge of the Lawrence power dam.

The linking of a fish hatchery to one of the world's or power development projects catches the imagina.

That, however, is only part of the story. Even more riguing was Whele's announcement that nuclear power to use to maintain the water at a constant tension. Mostlas will pop open in amazement at this posal for an atomic power this hatchery. The only the is that they will be the wrong mouths. Fish can-

The transport to the property of the property

A STRANGE THEFT

Three roses bushes planted at the entrance to Victoria here have disappeared. They were torn up by their

One is at a loss for words to describe and explain this t—if it was indeed a theft and not simply senseless

Many a person covets a beautiful rose bush, but the very trait of character which breeds this desire to possess would, one supposes, bar theft as an acceptable means of valuting, possession.

would, one supposes, are their as an acceptance means on several particular and the second of the se

illifographied calendar, bright with color but devoid of any real meaning, subsets be planted, they may serve the purpose for which they were bought by the Fariss Board, giving freely of themselves to delight. the eyes and warm the hearts of passers by who, while not owning the business. The paris board should not feel too badly! Unless the bushes were merely form from their beds and left to de, the public money spent for them has to bushes did not remain in the ideal location originally selected, where the beauty would have been seen by so many hundreds of Belleville residents and travellers during the summer months within the abseat.

THE RABBITS ARE NOT FOR BURNING

THE BABBITS ARE NOT FOR BURNING
The Fork Elec Letter-Review reports that the United to Kingdom ministry of agriculture had devised a novel way are found in the control of the control of

trolled initiation in the growing arsenal of bureaucratic planners."

Why all these claims about safety? PONTIAC SIMPLY BUILDS IT INTO **EVERY CAR THEY MAKE!**

Pontiac engineers have always considered that to design and build a safe automobile is the basic premise for all car construction. The fact that Pontiac has been a leader for so many years is a tribute not only to its styling, comfort, performance and downright value . . . but, as well, to the acceptance without question of Pontiac as a safe car.

Many of the safety features introduced on Pontiac years ago have since become standard throughout the industry. Many more are still features that make Pontiac so much superior.

Now, however, it seems that safety is no longer to be taken for granted as a foundation of good automobile design. This factor, that is just as basic as the wheels on a car, has suddenly leaped into prominence as a revolutionary sales feature.

Actually, the true picture is an interesting one. There are really two kinds of safety. First we have Preventive Safety - built-in, engineered safety features which help to prevent accidents. And second, we have Protective Safety-items that give greater protection under all conditions.

In both categories, we feel that the chart below speaks for itself ... and speaks volumes. We feel, too, that we are justified in pointing out that Pontiac's achievements in the field of safety have largely been unaccompanied by fuss or fanfare.

As we said in the beginning, Pontiac does not sell safety, they simply build it into every car they make. And that, we're sure you'll agree, is the way it should be.

THERE'S A POWERFUL RENCE ... between an

You know you're in a big car . . . from the way it looks . . . especially from the way it rides and handles! Right from the start, with the first touch of your foot on the accelerator-that Rocket Engine answers with all its zesty power, all its winging getaway and go! And what flashing performance in the middle ranges! The Rocket is designed

torque at normal engine speeds. That means there's always plenty of reserve power-ready when you want it, when you need it for safety's sake. This rugged Olds is built to take all

that power, too! For instance, there's an extra rigid, five cross-membered, one-piece frame to give you ideal, shock-absorbing balance. Stabilizer bars both front and rear are further

assurance of a steady, cushion-soft big car ride!

And economy? Well, Oldsmobile won two firsts in the recent Mobilgas Economy Run, with the "88" topping its field! There's a powerful difference, all right! Both in the car, and in our quality-minded way of doing business. So come on in now. Take the wheel of

the powers all yours

Engineers have found that today's highhorsepower, high-compression engines are especially sensitive to certain deposits.

Within only a few thousand miles, deposits form which cause spark plugs to "miss." When this happens, power falls off.
Performance generally gets sluggish. Obviously, what's needed is a way to stop spark plug "miss."

Shell Premium Gasoline with TCP*, the greatest gasoline development in 31 years, neutralizes engine deposits. TCP additive restores power to your car that pre-firing and spark plug "miss" take away.

Switch to Shell Premium Gasoline with TCP-the power's all yours! See your neighbourhood Shell Dealer.

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

The Elegotic Goodynary decision to range of opera-poses at least, has blotted up more purion around it has a whitevind in a madella. Wild remore avound und appearing, in print. Glossory Guson age dire pictures. Mostings have been called and w is rifn. One would taken that the entire futur backer, and if what you may, in this district his file notion of a Kingsion team.

A Kingston despatch referring to the fact states that aperiant matters will be discussed. The Waithy club il noshes enter to the top notice has the departure of the along, now register champions, would be a creal blow to custom senior group atrendy challen to the foundations by withdrawal of the Goodycear.

The story goes on: "With no residence rule raised against m, senior "A" chabs enjoy a great advantage in strength-age their teams, but it is thought doubtful that the adoption that status by the eastern senior "B" group would improve difficus in Belleville and Brockville."

Homes in Spatierums and Horocrums.

After intiling all ans smarty about the "group being alone for its foundations by the Kingston withsfrowth," the angulate writer about from our emercial flust two groups in this city (Kingston) are prevared that two groups in this city (Kingston) are prevared that over the "minable" insuperatory vasaids by the notions of this every the "minable" insuperatory vasaids by the notions of this Port of the State o

Adding something or other to this conjecture is the fat the Whilty entry to the Western Ontario senior "A" group on the being executly "welcomed" with open arms by the club thalaway.

men cause, CHENLY WECOMONE WITH Open arms of the cuits white and the control of t

group fitting with an entry from Whiley.

The thought where is that Mr. Baller is adopting on time that went' enhance his chances of guidan is brittle that went's enhance his chances of guidan is brittle his willing his on in the senior and his Whiley reliances on lost considerable interest in what was formerly in the senior AP OUA review of the controlled interest in what was formerly a while it cantendard materials were according to Whiley candelled the controlled and the controlle

entry good thing too, as far as the reference
that is the same of the same of

"Is a case where what seems desirable in, theory most Practices, and law hot the older and more properties for many the seems of the seems of the seems of the seems of the seems has slackmost speed when the was arredd that go car would not have time to avoid a head-on the an approximating white. It has shown that go car would not have time to would a head-on the analysis of the seems of the s

s Bol Gaston game pays dividend; only to under-ther case where theory and practices are at odds maction with the signaling lights now common-flers, will, prevent many accidents if the division of the light says he is going to do., But some-tical the light says he is going to do., But some-tical the light says he is going to do., But some-tical the light says he is going to do., But some-tical the light says he is going to do., But some-on does one see a car driving down a straight with a light flathing on and off, signaling and with a light flathing on and off, signaling and intersections or driveways, it is fairly obvious that we has forgotten to flick off the signal after he is last turn. The false signal does no harm, hooded warm as against placing too much trust in

the state was a square process to much trust in the As intersection, a false signal variety by the drivers there cars could result in a serious accident. Signal lights can be helpful, but they are no much titude caution. It would help if the law required signal amonatically after the signalied turn has been made, even this provision would be he iron-clad guarantee and a false signal.

A RED HERRING

There is a rising suspicion, in many quarters, that da's immigration regulations are too often inflex-that decisions reached on individual cases are

and occasions reached on individual cases are taken in class in point is that of Theresa and is Permandes, pear-old British Guinana child separated from her parents because of her East Indian blood. It is more than the contract that is the time when the is unfortunate that, just at the time when the is unfortunate that, just at the time when the is unfortunate that, just at the time when the is unfortunated that the contract that the contract of the reaches a real to the contract of the party on the contract of the contract of the party on the contract of the contract

Brewin said that the nephew of the prime min-"one of the proudest new members of the Com-the had been deported from Canada because he Asian. Mr. Brewin did not name the man's but it was apparently Pakistan. harge like this makes good headlines, but very

charge life shis makey rede headlines, but very sense. Its youth had apparently come to Canada to study sense. Its youth had apparently come to Canada to study the profit of the company of the company

JUST FOLKS (Copyright 1986, Edgar A. Guest) By EDGAR A. GUEST WEDDING

> Scarce hears it said: Dearly beloved, we are here This pair to wed." The parson reads the ritual through:

Through weal and woe; I now pronounce you man wite!" Away there

Has done his duty for the day.
He steps aside,
Wipes from his cheek a falling

through;
And it appears
The women folk in every yew
Are shedding tests.
The ring, the prayer, the vow for
life

Commission on Broadcasting Finds Government Has Handed It a Most Complex Chore

By JOHN LABLANC.

Cimeline Frees Staff Writer
The Fowler Royal Commission
on broadcasting is finding out that
the Indexal government has banded
it one of the most complex chores
of the Inst few decades.
He job of charring the course of
broadcasting in Canada for perters the next decade, intensity is

balanced rathout one for charge disam, flagring out finances and working out the right relationship latveem the CBC and private operation; has devolved it in a real flagging act.

Hearings started in Ottawa and the commission now is on a transcontinestial tour, it can switch in a resulting from high finance to

the commission how it on a critical continental four, it can switch in a technicing from high finance to horse opera; from bate principles controlling broadcasting to the y a local station handles a choir-singing program.

PREPRIMENTATY METROUTE

It gats complicated, but the

be taking it all in its stride. Chair nam R. M. Fowler and his twe associates make up one of the most relaxed royal commissions is Canadian history, and at the sam time one of the sharpest prober after facts.

The commission sits in an atmost share of easy informality, with the

phere of easy informality, with the chairman usually leaning back with a leg tossed over the arm of his chair.

Witnesses are free to deliver their material any way they choose by reading a brief, summarizing it, or by plain off-the-cuff talking. But

telmedi speared by a series of sectating questions from one or nother of the commissioners. On Mr. Powler's right is Edsond Turcotte, a fixmer newsuper man and more lately amsession to Colembia. On his left is James Stevart, Scottish. born president of the Canadian Bank of Commerce, Mr. Fowler himself is a lawyer and president of the Cavadian Phys and Paper Associa-

When they start digging, some times they sound like crown proecutors examining a deface wit sess, though they attack either side of a particular issue with equa-

At each new hearing, chairms Fower explains that, while it bears of questioning may indicat the commissioners are takin sides, they have formed no judgents and will not until all it

"We're just after all the fact," "We're just after all the fact," The eventual conclusions draw from these fact by the sice undoubtedly will, weigh bear lity on the future of Canadian radi and television. For the commission has been given broad terms reference to investigate and repo on just about merry facet of Canadian radia and the state of the second terms or the second terms or reference to investigate and repo on just about merry facet of Canadian broadcasting, thoughty does a

broadcasting and distribution of Canadian programs by a public agency will continue to be the central feature of Canadian broadeasting policy.

Within that limitation, the commission has found plenty of acopa for controversy among the approx-

for controversy among the approximately 50 briefs already dealt with had the basic issues appear to be a the record now. THE BIG ESUES Chief among them:

1. Elouid the CBC board of governors continue as the regulatory body for both CBC and private reductive to the case of the cas

"Mr. Jones always kisses wife every time he goes of Why don't you do that?" "Good heavens, I hardly kn the woman!" licence fee.

The CARTB has not made so clic recommendations for CBC fi anothing, though its executive on it own put in several informal suggestions whereby CBC spending might be cut.

Private networks:
The private operators say they want more freedom to set up private networks and contend they have been blocked in this by the CBC.

in the to provide GC programs in though the ordered is not in the company of the

the record of the private operators are in complete accord on the fice that radio is going to play a continued important role in broadcasting. The CBC has figured it can continue to provide a good quality radio ortput at about \$1 per capita, or around \$15,00,00 a\$

Whether or not its Dominion radio network will nurvive has

e work, secondary to the trans-Caul
dada, includes about 35 private stations that are fiel some programa from the CBC in Tworois.

CBC board shatmans A. D. Du
and the control of the control
on to two contemplate folding up the
network, but it could be among the
first things to go if the CBC is
pressed for money—it already hat-bold the commission it may hav
to to CTV unless it gots new mone

Midways Barred From Sudbury

SUDBURY (CP) — Sadbury has seen its last indway.
City council Tuesday night advised the parks commission that it does not want midways on Queen's Athletic Field, the last site within the city with sufficient facilities.

Ald. A. Les McDonald said:
"They tear up the grass, create
a noise nuisance throughout the
entire neighborhood, and make it
so the park can never be made

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

But prises sentences, like Hellywood marriages, come an end seener or later, and the other, day this fellow thad wet into the free air. Behind him were ten and eno-ity of the served for anti-cracking. His name is imma-ial. He new has a good job and is headed for the raight and sarrow."

aking of softball, the season gets away to its five-team might with Trenton visiting Point Anne starting a widing the Ox Point field is in condition.

Frankford, on paper at least, appears to be the most engthened team in the circuit this year. It has the "Bob ins, Green and Hunter, who judging from their perform ose the other night in the benefit gante are ready and ratio Claude Carr, besides the veterans of the 1955 village square

The silvar-lopped Gallaghers, the struttin' due from Killarany's lakes, had better look to their lawrels in Nem-ratil Areas Gonorrow night. The bombastic bretherhood whos meared down the Lewina and scotfed Laylon and Frince Makin's last Friday may get more than they bargain for when; they tangle with the Frince and Bill Melby in the sants taught.

This boy Melby, the darling of a continent's television au-nes, is no tyro at this wrestling game—and you know the nes, not forgetting Coccout Willie. But the Gallaghers are gh, beighers, or so they appear. They stop at nothing and thy and the Prince will have to be on their guard. It said be quite a brawl.

NASH RAMBLER HIGHEST TRADE-IN

Official figures* prove 1955 Ramblers return \$90-\$100 more than comparable models of "Big 3"

The 1956 Spring edition of the National Used Car Guide lists the trade-in values of all makes of automobiles sold in Canada ... and the Nash Rambler is shown as having the highest trade-in value in its class, \$90 to \$100 higher than all other cars in the low priced field. Yes, the world's safest automobile has the

When you buy Nash Rambler you buy not only the strongest, safest car ever made in Canada, you also get the car with the highest trade-in value in the low priced field. Worth considering next time you buy a car.

*COME IN AND SEE THE ACTUAL FIGURES

RAMBLER '56... WORTH MORE TODAY... AND TOMORROW, TOO!

This is the new, "Safety-Styled" King Size Rambler. And King-Size it is, with the accent on safety and roominess. The brilliant 1956 Nash Rambler has room where it really counts -on the inside. But there's more to it than a King-Size interior. It features Double-Safe, All-Weided construction

new Typhoon Engine with increased hor economy ...new 50% larger brakes ... Deep Coil Springs on all four wheels ... greater manoeuvrability ... and Rambler's already famous Airliner Rectining Seats, Twin Travel Bods, and Weather Eye Heating and Ventilating System.

Intense Cold...Fierce Heat...Terrific Pressure

-forces of nature used by UCC scientists to work for you

Hear so reerce it makes steel boil ... cold so intense it turns the very air to liquid ... pressure so great it has the force of 600 hurricanes . . . space so 'empty' that nothing could live in it.

THESE FORCES OF NATURE are used by industry THESE FORCES OF NATURE are used by mounts in making so many of the things we take for granted today. The electric are furnace—6,000 degrees hot—is the hirthplace of alloying metals that go into stainless steel and other fine steels. Orygen, so wital to medicine and industry, is extracted from air made liquid when cooled to more than 300 degrees below zero.

ETHYLENE GAS SQUEEZED under pressure of , 15 tons per square inch changes into polyethylene. This

remarkable plastic is used to make such familiar things as unbreakable nutring bottles, squeeze-spray containers, and transparant verspings. Excepting refinery gas to terrific pressures and the nothingness' of vacuum have been key steps in making hundreds of new chemicals during the last 20 years.

THESE ARE BUY A FEW examples of the work of Union Carbide Canada Limited and its Divisions in using the forces of nature to create products and processes essential to the progress of industry.

FREE: Learn how ALLOYS, CARBONS, CHEMICALS, GASES, and PLASTICS improve many things that you use. Ask for 'Man-Made Miracles' bookles

EATON'S

Everyday Household Needs for Mending and Protecting

ON THE FARM

Today's Living is measured in Kilowatt-hours

Ontario Hydro's first rural line, extending from Baden and Petersburg to St. Agatha, near Kitchener, was atrong in 1913, and in that same year, the first farm service connected. Since that time, "rural electrification has time," rural electrification has time, "rural electrification has time," rural electrification has time," rural electrification has time, "rural electrification has time," rural electrification has time, "rural electrification has time," rural electricity.

new and unique uses for electricity in agriculture is certain Already, two-way radio is used

as a means of communication. Electrified hot beds step up the planting timetable. Electricity refrigerates seasonal products for year round distribution, and light-ing can be used to create artificial conditions more favourable for plant growth.

Electricity will continue to play an important part in the economic growth of Ontario, and it is the aim of Hydro to provide an ade-quate supply of electricity...so vital to our province's homes, farms and industries.

Columbium - Jet Engine Metal

Long-need for its Trappist monastery and the quality of its famous cheese, the French-Chantian harder of Olas, P.Q., orloy boxas the distinction of being the heart of a mining exploration boom. With pyramid-like drilling rigs fast becoming a part of Olas pational seen, geologists and prospectors are heightening their search for Columbium, one of a host of miracle minerals spawned by the atomic age. Columbium core samples (Orlow) were taken from a depth of 13F feet.

Columbium, which melts at a torrid 4,380° Fahrenheit, finds uses in turbo-jet and rocket engines where it improves heat resisting qualities and impact strength of other metals, Dr. E. H. Nickel, of Federal Department of Mines and Technical Surveys, examines rock sections of columbium or with accounts.

In Oles' Le Baronier Heel, prospector Cy Rost illustrates to hunsigne Pital Birds in that hort has what is probably the only profise-serve dends floor in Condisional Source (which may have been placed there by prankersry radiates 0.01 millercorner garper horn. Bedies the high hear-resisting qualities that make it a murtual for jet engines, columbium's affinity for guess has led it to being used extraorderly development of the condision of the condition of the c

Though extensive exploration in the Oka area has proven up large quantities of a clumbium-beam gor, the search for the jet-age metal has extended to Gress Slave Lake, where columbite ores are to-day being processed in a 127-ton a day expective milt. Olumbium stands at head of scarce metal list, and its rarity, has kept proces high; pure columbium metal powder commands \$119 a pound. Mag-retometer survey is shown being curried out in Sc. Joseph du Lue ear, near

Wide Open, Spacious

4-door Hardtops!

Yes... 5 Spacious 4-Door Hardtops!

- O Pontioc's Lourentian—with a wide-open view
- The Pathfinder Deluxe—most wanted of all
- (2) The pleasure of leisure in a Pontion "860"
- 🕢 "\$76" . . . mogic number in a Pontice
- Pentiuc's Ster Chief ... Incomparable

Our ARTIST has the right idea . . . and no wonder! Here he shows the varying moods of five families with one thing in common—the jaunty exhilaration of a Pontiac 4-door hardtop.

It's easy to see that arriving at the courts in that lean, lithe Laurentian makes tennis more enjoyable. And driving to the fishing grounds in double-quick time is a snap for the piscatorial duo in the Pathfinder Deluxe.

As for that young couple with the "860"
... what are they planning? Perhaps it's a surprise visit to the old folks (Pontiac owners from 'way 'way back) or just a simple plea-

are drive (but used a pleasure)). The two chaps escaping to the links are easy to understand—se is their pride in that sleek "870"... and the family foregathering for their first pinnic are certain to find extra fun on the open road. Put that down to the easy breasy lift of the finest of them all—Pontiacs breasthating Star Chief! Whatevery you wan, you can be supported by the compared the property of the season of the season in any one of Pontiac's five 4-door hardtop models. Horegowers range all the way from 148 up to a matchless 227.
Visit your nearby Pontiac dealer. You'll

Things look bright to Murray Dwan

As a professional photographer, Murray Dwan is glad he can capitalize on all the modern advances in his chosen field.

"Today's demand for more and better photography—
especially in colour – keeps us on our toes," says Mr.
Dwan. "But we're well equipped to meet it, thanks to
recent developments like electronic flash, faster films and
more versatile cameras."

As a family man, Mr. Dwan also benefits by the progress which has been made in another field—life insurance. Policies today are more flexible than ever before. As a result, each family can now have a security plan that fits

its own special needs more effectively - and can prepare for future changes in those needs.

Modern times have also brought the advantages of group insurance protection on a greatly broadened scale. Moreover, many restrictions on obtaining life insurance have been removed. And, life underwriters are better trained, better able to help people make the best of their life insurance dollars.

In these and other ways, the life insurance companies in Canada are in step with progress... bringing benefits to people in all walks of life!

THE LIFE INSURANCE COMPANIES IN CANADA

Canadians receive more than 1% million dollars every working day from their life insurance policies.

George McCullagh

A lifetime of only forty-array are in a short period in which to leave a lasting impact on men and safin; when the short period in the be soon forestern that dynamic energy carried him in those few years over hurdles of humbs birth, poverty and limited schooling to the position of Publisher of two great Canadian daily newspapers.

A NEW WONDER LATHER T **ALLY BENEFITS YOUR S**

Discovered by Noxzema...works while you shave

For the first time here is a lather that does not depend on strong alkalis to soften your beard and combines new faston too. Intro-is the secret softence — and it's miles absed in value for your skin by this new discovery this lather is made scientifically many times

milder to the benefit of your face. After years of research here finally is a latther good enough to bear the name Nomema. This greatest theiring advance now makes possible actual skin care while you shave, plus all these benefits shown below.

CIVES YOU MORE LATHER ... longest lasting lather in history!

More lather per center - new "2-Way
LATHER?" immediately hearts into a whole
could of really centry lather stays most
could of really centry lather that stays most
could of really centry lather that stays most
could really centry lather than the could could
could be could be could be could be
per lather than 100 marvellous shaves ord one
tibe. Bren at the regular point this gives
you the greatest shaw burgain in history. Yet
right now, as a special offer, get the big 50¢ tube
for only 334.

NEW DISCOVERY DOUTEROOD softens beard without harshness

The heart of new "3-Way LATHER" is the great discovery Introd Amazing Introd changes shawing in this important way—makes it possible to soften toughest whikers fast without depending on strong alkalis so hard on skin—and protects skin at the same time. Introd leaves "3-Way LATHER" mild for your skin than the strength of soften cases the same time. yet softens whiskers thoroughly for closer, easie, shaves. That's why "3-Way LATHER Shave' can guarantee you the fastest, easiest shave ever

CONTAINS BENEFICIAL DILS FOR SKIN gives built-in after shave care!

By Your face benefits because "3-Wey LATHER" combines beneficial clean with the Action to reinforce natural olds of power Actioner to reinforce natural olds of power and the combines of the

Stan The Man' Back In Hitting Form As Cards Win Pair From Chicubs

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor WENT IN SPEAKE

*Looks like the shoe is changing feet now. Ironically, kwille and Whitby carried on amicable relations for some before Blair disrupted the harmony via a flood of rash and possible systements.

"Other observers have taken whacks at Mr. Biair in past few days, as witness a Window Star article on the liby Dunlops meetirs. Jack Dulmars, writing in the Ya spect rection, says "the Onlarie. Rockey Association tid be scraping the bottom of the barrel were Blair's team

trockville will be playing in a senior league next year, fr. Miller informs us it won't make too much difference calibre of grouping it is, 'A' or 'B'. If Blair figures be one a Magedoms entry from competing he will have a

"Just what form this senior league will take won't be de-cided until the Eastern League convenes in Cornwall June 2 and 1, as early as next weekend. But Brockville backers are giv-ng ample notice of their intentions to thwart a Whithy entry.

"The reason for this stack against the Dunleys is by means rehalisory. Mr. Attlier said the deplorable tray conditions we suffered this year, in trips to and from sittly have sourced us to try and stop Whithy from entrar, if we can effect a more compact league it will be every team's affection or compact league it will be every team's affection.

"According to the Whilty major dome, Brockville and Relieville were nothing but 'Desh learne team' this past scane. He has apparently overloaded the fact Brockville was the first clab to best Whilty in the regular schedule (and on Blair's home for to boot) and followed up with another win a few weeks later, as well as two keenly con-sided halties which the Duniops managed to kick by one-

"As area manager Miller pointed out, Brockville had a bad season, that we can't deny; but we made the playofts and contributed as much, if not more, to Whitby homes games as they did down here. With three or four top notch players it might have been a different story in the playoffs."

POLLUTION KILLS OFF THE SALMON

century ago fresh salmon was a common dish in Britain. One of the reasons that it has now be-luxury is due to the pollution of the river estuarios nich millions of tons of rubbish are thrown each

pinally from the Saver also.

It is interesting to note that at the time when salmon
it is interesting to note that at the time when salmon
is on plential in some and and from the Rhine to Basie,
because the same and the same at the same at the conditions that servants attached
their engagement was that this king of fish—now conered a knurry—should not figure in the kitchen menu
re than once a week. (Nature Bulletin.)

SOMETHING NEW!

the safe Depilatory that creams off facial hair in a jiffy!

Slock, created and developed by Elizabeth Arden is the safe way to remove unsightly hair on face, arms and legs.

Sleak li a dependable, medically mfe depilatory, time-tested in purity, safety and effectiveness ... incomparable for all hair removal on delicate areas of the skin.

delicate areas of the skin.

Sleek is a "neus" for summer, the unveiling season with bare arms and legs dominating the besched Use it freely to keep face, arms and legs satin-smooth. Once med, you'll never be without it.

Sleek has the most delightful Sleek fragrance (milks the sv-erage depilatory) — and leaves the skin smooth, smooth as satin. Steek is a so/e quick action cream

or mosty aftermath.

Sleeck is easy to apply,
Simply cream
as Sleeck with your fingers
... and minutes later
rinse with warm water
-mad all hair vanishes
with the rinsing.

It's easy to see there's no value like Chevrolet

OPEN THE DOORS OF ANY CHEVROLET. Look atthose luxurious high-style nylon-and-vinyl interiors! And Chevrolet prices! It's just as easy as that to see there's no value like Chevrolet value.

But don't judge on that alone. Look at the startling, TRUE comparisons in the list opposite. See how Chevrolet puts the "competing" low-priced makes in the shade . . . feature after feature after feature. Pretty clear, isn't it - your dollar buys more beauty, more performance, more peace of mind, more convenience when you buy a wonderful new Chevrolet.

So much car, so little money! Drop by your nearest Chevrolet dealer now. Open the doors of any Chevrolet . . . admire, compare, DRIVE this exciting car ... see for yourself, there's NO value like Chevrolet value!

Leslie's Shoe Store Ltd.

Well Summer is right around the bend, So we've a message we must send, About lovely cottons and linens, too, Smartly styled and moderately priced for you.

Now if you are a June bride-to-be, We've wedding gowns as lovely as you'll see, And for your bridesmaids' gowns, well this we'll say, That walking the stairs is sure to pay.

Now for your trousseau you'll want a casual dress, That's handy, but will still look its best, we've lovely cottons and linens and so, it's up to Winnie's you must go.

Maybe for the sports you'll want to try, A pretty skirt will catch your eye, Or a pedal pusher set it's true, Is sure to look pretty good on you

Now all I've said adds up to this, That when shopping here you just can't miss, The prices are always low, the quality's high, Yes, it's the periect place for you to buy.

You just apply a puny bit of pressure on the pedal—and you're off and away.

Never has such quick acceleration been

It's the newest step-up in Variable Pitch Dynaflow - and it gives a doublebarreled thrill.

First, it delivers a record amount of torque to turn those rear wheels-even before you switch the pitch. You splurge on pickup while saving on gas.

Second comes a real performance thrill! Just put your foot down-and there you have it. You switch the pitch and Dynaflow serves up a dazzling burst of extra power to cut seconds off your passing-and add new safety to it.

But there's a lot more than torque to

There's Buick styling. Its flair and sweep alone have started many a conversation. On lines that are daring, but not reckless. On colors and interiors that are gay, but never garish.

And there's the Buick ride. Unlike any other. Softer, yet steadier. Cradling you in rubber-bubble comfort-leveling with you on every twist and turn.

A whole group of unseen marvels screens you from the harsh realities of the road. Including a new front-end geometry-new deep-oil-cushioned shock absorbers-new deep-coil springs on all four wheels. And there are new stabilizers and a new torque tube, to snub out any swing or sway.

In short, there's so much excitement from stem to stern-in any Buick you can buy-that Buick owners have a whale of a lot to talk about.

So why not take a Buick out on the road yourself, so you'll know what all the talk's about? Don't say you can't afford it until you hear us talk price. We're ready whenever you are.

New Advanced Variable Pilch Dynaflow is the only Dynaflow Buick builds today. It is standard on Road master, Super and Century—optional at modest extra cost on the Special. \Understand Den Roadmaster and Super, optional on extra cost on other Series.

Mantle's Titanic Blast Longest In History; Yankee Wins Extend Lead

Sport Slices

Rare, Medium, Well-Done By GEO. H. CARVER, Sports Editor

Rudy Schaffer, genial general manager of the Toronto Maple Leafs Baseball Club, wann't fooling the other day when he in-vited Belleville's baseball-minded moppets to see the Leafs play in Maple Leaf Stadium.

and the control of the control of the control of the control of the melitritie Khwatia Clab, and these cuttlements as arranged on the Control of the Control

The boys will travel by Rawson Bus and will leave the ranis Centre at 10 o'clock sharp Saturday morning. They are uested to be at the Centre at 9.45 on the dot and bring hes to suffice them for two meals. The Kiwanians will by the soft drinks.

Parents need have no qualms about the well-heing of he youngeiers. A half dozen hully filtwanians are poing ag to see that everything is well. There is no east to the Type of the property of the property of the pro-gramme of the property of the property of the pro-perty measure Esdy, Schaffer has taken care of the ad-sisten. But those limbers are important.

"We are tickled to death to have the youngsters of neiterille not the Lefts play," Mr. Schaffer's necretary told this department ever the technique. "And we shall do everything we can in make their visit an enlyrable not. We have arranged parking facilities for the bur and citeties for the accompanying filtrania citib members," she said.

And speaking of baseball, the question, ever new, came up other night when a few of the boys were "shooting the cime". It was the one regarding the origin of baseball and Abner Doubleday Invent the game—or was II played be-hist time?

The established leagues have accepted the tradition hat he did, says the National Geographic Society. The Banchall Hall of Fame was established at Dombleday's some term. Compensary, New York, to besize him and across of the pams. Various sports historians have since ration about of protest.

The authoritative "Encyclopedia of Spects," says fixty, seen who needs to Abnor Deabheday as originater of the see of heachtil, these who fix 1833 as the year of its being and house Cooperature as the birthplace, are wrong all coords."

Robert W. Henderson, former chief of the New York Public rary's main reading room, is equally positive. He asserts (George Washington's men played baseball at Velley Forge, also quotas from "A Little Fretty Focket Book," published in

"The ball once struck off, Away flies the boy To the next destined post And then home with joy."

The poem is titled "Base Ball."

time points using roads 2011.

"Similar passes pressis further back. From the favor of defination throwing, running and calching have been oppular. Greaks, Fernians and Neuemenn played handbuil. The Romann batted balls with handaged forestman. In Expris archeologish have found a fixed and the played than 20 consistent of all. The control of the property of the pro

The Fuzzy Wuzzies of the Sodan, immeritable of righting hem by Rodyard Kipling, have perhaps the open and are "To settle state of the property of the certain his "Yes and the certain of the certain his are the certain in the certain of the certain of the certain his are formed to the certain of the certain his area of the certain his and the desires them his phase in a circle marked exception, which is the certain her are certain period and certain their part such active and the certain his area from the circle in this part such active and the certain his area from the circle in

The first erganized batchall teams in the United States were set up in 1855 by the Kalcherbocker Chie of New York. They shared on the Rythan Felder in Hobbert, then a popular resert for New York's citie. Procking, Philadelphia and Bullimers some formed teams. During the her game was strictly as annateur, artisterable sport comparable to pick today.

Baseball grew into a national sport during the Civil War. Northern soldiers taught it to men of the West and South. In the same manner, American smiles introduced it to other nations in both World Wars. The game caught on most isolities in both World Wars. The game caught on most soldier in Japan, though it was banned for a time in World War II.

Then there's the story of the bloke who lesped from his twenty-storey hotel bedroom window. He crashed on the pavement and people gathered around him. One man picked him up, stood him on his feet and asked "What happened!"

The "jumper" looked at him in amazement. "I don't know," he said, "I just got here."

Cose, exciting matches are predicted for the Indies' gut champlessible of the first of Quitate Oranity Glab. The plan, some 3 of 'un issed of for the centification of the state of the contribution of the co
